

News release

eHDF teams up with 2CRSi for one of its data centres in the Gulf Region

Dubai (United Arab Emirates), December 1st, 2021 – 2CRSi (ISIN: FR0013341781), eHosting Datafort (eHDF), a pioneer in Cloud Infrastructure and Security Management Services in the Gulf region and 2CRSi, designer and manufacturer of high-performance, energy-efficient IT solutions, announce their collaboration in UAE.

eHDF, part of the Midis Group, has been one of the pioneers in data centre build-up and cloud infrastructure management services in the Gulf region since 2001. Their offering comprises a complete stack of managed services and managed security services to enterprise across various industry sectors.

As part of its development strategy, eHDF is planning to cater to high-density requirements in The Gulf Region to service its fast-growing customer base and the need to deploy AI ready environments. With this new capacity, the goal is to offer cutting-edge, high-performance infrastructure, with a low carbon footprint.

In this context, eHDF joins hands with 2CRSi to present a green and energy-efficient datacenter strategy in the Gulf Region. Thanks to 2CRSi's expertise, eHDF will benefit from the advanced cooling technologies in the sector and recognised efficiency in terms of energy consumption. With increased capacity, higher density and minimum environmental impact, this partnership will give a competitive edge to eHDF and 2CRSi customers globally.

“As a leading cloud service provider in the Middle East, eHDF is once again a pioneer in adopting green solutions in the region. We are very proud to partner eHDF and in turn be able to expand our service range to customers globally. We are happy to work hand-in-hand with eHDF and we are looking forward to making this partnership a strong and lasting one”, says Alain Wilmouth, co-founder and chairman of 2CRSi.

“With the growing demand of Artificial Intelligence powered platforms and high-density power requirement, EHDF is pleased to launch AI as a Service, available on Demand, to be charged based on consumption, powered by GPU & IPU platform, together with our strategic partner 2CRSi”, says Waleed Heloo, CEO of eHDF.

About 2CRSi

Founded in Strasbourg (France), 2CRSi group develops, produces, and sells customised, high-performance and environment-friendly servers. In the 2020/2021 financial year, the Group generated revenue of €163 million. The Group today has around 373 employees and markets its offer of innovative solutions (processing, storage, and network) in more than 50 countries. 2CRSi has been listed since June 2018 on the regulated market of Euronext in Paris (ISIN Code: FR0013341781) and has been awarded the European Rising Tech label.
